### Private Showings by Appointment at the Gallery:

Private showings of contemporary fine art paintings and sculptures can be arranged by contacting Fraser Leonard at 314.853.3695.

### Sculpture Studio at Lake Sherwood, MO:

A large sculpture studio at Lake Sherwood houses equipment for welding and braising copper, steel or brass often mixed with organic materials. Nestled in the woods on the lake, this area serves as an inspiration in its natural environment.

### Brief Artist's Statement:

My work is a spontaneous response to my surroundings and is totally unencumbered and intuitive which I hope will move audiences beyond the surface, to delve into the mystery of the piece. This may evoke joy, peace, serenity, feelings of love, of dance, of family, of play.... *Art for your Spirit and Your Life!*

### Donations and Art Demonstrations:

Numerous paintings and sculptures have been donated to charities to support those less fortunate and to promote the arts to such organizations as Community Living, Bridgeway Behavioral Health, Barnes Hospital, Children's' Home Society, Missouri Kids, the Foundry Art Centre, St. Louis Liver Association and many others. Art demonstrations for various groups, such as, retirement centers and arts organizations are standard practice to promote the arts and inspire others to find joy in painting.
